As you know, [] is a subcontractor to [] for the aforementioned recorders and reproducers. [] feels that their subcontractor can produce an acceptable recorder and reproducer; however, the spec requirements must be amended to allow for shipment of items which do not meet the original specification. [] proposes to renegotiate their fixed price purchase order with [] to provide for an incentive to meet current delivery schedules. The SPO interposes no objection to [] plan. However, the SPO does not desire to change the contract target cost or target fee as a result of [] change with [] understand that subject contract will not be changed in any manner as a result of their negotiations with [] The meeting held was for the purpose of advising the SPO of the corrective action contemplated to alleviate the recorder and reproducer problem area.
